

PIXL

Fräsch was founded on the belief that creating healthy and beautiful office environments leads to a happier and highly motivated workforce.

PIXL

Acoustical Panel

PIXL is a modern take on acoustic wall tiles. With its raised poofs, each sheet is as aesthetically pleasing as it is acoustically effective. Installation is a snap – glue, screw or nail directly to any existing ceiling or wall, or, cut to fit in standard T-Grid. PIXL comes in two shape variants, Square or Round. Choose White Poof with Light Gray backer OR Light Gray Poof with Dark Gray backer, or, if you prefer, select custom printing for a pixelated and modern look. Electrical trim plate and Edge trim hardware are also available.

Application	Acoustic Panel
-------------	----------------

Hardware:

PIXL mounts directly to wall surfaces with with recommended adhesives and/or fasteners. See PIXL installation instructions for complete details.

Material Content	9 mm 100% PET (55% recycled content)
------------------	--------------------------------------

Acoustics

Frequency (Hz)	250	500	1K	2K	NRC
NRC	0.57	0.90	1.36	1.61	1.10
Sabins per m ²	4.45	7.05	10.62	12.61	

Test was conducted while product was in its actual installation setting

All NRC testings assumes one face/one object and does not account for the product thickness
