

StratoScape GRID

Fräsch was founded on the belief that creating healthy and beautiful office environments leads to a happier and highly motivated workforce.

StratoScape GRID

Suspended Baffle

Step into the structured symmetry of Grid, a suspended acoustic ceiling raft system from our StratoScape series.

Architects and designers can compose visually captivating spaces, where Grid's structural patterns create a sense of order and purpose.

Application Suspended Acoustic System

Components
86.6in X 86.6in X 11.8in

Hardware
Default: Convenient Snap together construction

Material Content 12 mm 100% PET (55% recycled content)

Flammability ASTM E84 Class A or B

Acoustics

NRC 0.35 0.54 0.85 1.22 0.75

NRC rating is based on one full sheet of 12mm PET material

Environment Low VOC;
Post-Consumer Recycled Content
100% Recyclable

Installation

GRID is suspended from the ceiling.

Country of Origin USA

Warranty 2 Years

Designed by

* Two-year limited warranty guarantees all of our products are free from defects in the materials and maintain their quality of craftsmanship. See our two-year warranty sheet for full details.

GRIP LOCK/AIRCRAFT CABLE INSTALLATION

A - Screw grip lock into the hex nut welded to the spike bracket.

B - To insert the aircraft cable into the grip lock, press firmly on the nipple while threading the cable through the channel. Release the nipple to lock the cable in place.

Cut any excess cable with wire cutters
