## ALCOVE | PRIVACY POD

Joining our collection of privacy pods including SPOT and HUT is ALCOVE, a smaller and more intimate space division option. Enveloping a single, seated occupant in solitude are PET side walls that can remain solid or, for an optional upgrade, can be perforated with a custom design to blend an architectural design element into ALCOVE'S clean lines. Like other products using our patent pending Conecta technology, ALCOVE ships flat and is easily assembled on-site. It accommodates any standard 30" x 30" soft seating (chair not included), while the double-layered 9mm PET design features a central, hollow air cavity for excellent sound absorption.
